

# Tough-PAC®

## Tablet 10.2" or 10.5"

Tough-PAC® Tablet is a hard shell anti-microbial enclosure & docking system for iPad 10.2" & 10.5" designed for use in healthcare or other hygiene sensitive environments. It provides **all-round protection** against work place damage, knocks, fluids, users, theft and inhibits or destroys surface contaminating bacteria, fungi & moulds.

With busy staff in mind Tough-PAC® has rapid 'Simply-Dock' cradles, multi-docks and VESA mounts removing the need for plugging in cables for routine charge or sync functions - **complete flexibility**.

These cases include antibacterial hardened glass screen as standard providing 360° protection against potentially harmful surface contamination

Tough-PAC® Tablet cases for iPad add quiet secure confidence, safety, ease of use and low maintenance - **peace of mind**.

## Vision

"It reaches beyond the thing that is, into the conception of what can be. Imagination gives you the picture.  
Vision gives you the impulse to make the picture your own" Robert Collier 1885-1950
