

Permanently Installs any IPOINT CONNECT Case

Ships with PoE+ Network Adapter, housed inside the Mount Assembly

Mounts onto any metal door frame

Mount iPad Permanently on a Door Frame, Minimally in Front of Glass.

Meet IPOINT SideMount, the minimalist and secure mounting accessory for IPOINT's CONNECT Case. Combine a SideMount with any IPOINT CONNECT Case to utilize the simplicity and protection of the Case-Enclosure and transform it into a fixed mount. SideMount is great for mounting in front of conference rooms or in spaces where there may not be wall space. With SideMount, iPad floats in front of the glass, looking amazing as a dedicated digital sign.

SideMount ships with the IPOINT POE+ Network Adapter providing POE+ Power and 100Mbps Ethernet LAN to iPad. (Works with USB-C iPads only). SideMount is part of IPOINT's CONNECT MOUNT line of fixed mounting accessories.
